# **A-Line Pro**

## Extremely efficient, multi-purpose, corrosionresistant luminaires

High performance corrosion-resistant luminaires ideal for arduous environments. A-Line Pro luminaires are robust and durable with an aluminium body and die cast ends. Long life silicone sponge gasket ensuring IP66 rating with a choice of acrylic or polycarbonate covers. External mounting brackets and fitted flying lead for easy installation without the need for opening the luminaire. High performance optics with broad or narrow distribution options provide light exactly where it is needed.

Applications: Cold stores, food factories, public areas, dairies, abattoirs, water treatment works, cable tunnels and multi-story car parks.

- Robust and durable extruded aluminium body dissipates heat, ensuring long control gear life in higher ambient temperatures
- Fast installation with stainless steel mounting brackets embedded into the die-cast ends
- Can be fully installed without opening
- Optional tamper-resistant stainless steel cover screws
- SmartScan wireless technology removes the need for control cabling. Ideal for retro-fit

Notes: For ambient temperatures below the stated minimum contact the Thorlux Technical department

Up to 177.6 LL/CW

## **Specification**

Mounting Surface IP rating IP66
Impact rating Up to IK10 Nominal size 1200 mm
1500 mm

Max presence detection height  ${\sf Up\ to\ 8\ m}$ 

## Lighting

Optic Clear acrylic cover Lumen output 2,965 lm - 18,025 lm

Clear polycarbonate cover

Efficacy Up to 177.6 LL/CW

### **Emergency data**

Emergency lumen output 550 lm - 650 lm Emergency type Maintained

Emergency duration 3 hours Battery specification Nickel Metal Hydride (NiMH)

#### **Power**

LED power 16 W - 101 W Circuit power 21 W - 114 W

# **A-Line Pro**

#### **LED characteristics**

CRI 80+ 4000 K Colour temperature

Rated life (hours) 100 K - L70/B10

# Compliance

UKCA CE Yes Yes

Energy efficiency class This product contains a light source of Food production standards
